Zinc (Zn)	272mg/kg
Iodine (I)	9mg/kg
Cottonseed Meal	4%

**FOR ANIMAL TREATMENT ONLY.
THIS PRODUCT DOES NOT CONTAIN
RESTRICTED ANIMAL MATERIAL.**

Olsson's Breeder-Phos is a loose mix phosphorus supplement for ruminants.

Phosphorus deficiency can cause a reduction in fertility, depressed growth rates, lowered immunity to disease, and bone abnormalities. A supplement high in phosphorus, such as Olsson's Breeder-Phos, can help prevent the effects of phosphorus deficiency.

The inclusion of a range of essential elements and trace minerals in Breeder-Phos also reduces the risk of further deficiencies.

DIRECTIONS FOR USE

Feeding Instructions:

Sheep/Goats: 10-30g per head per day

Cattle: 100-300g per head per day

Feed ad-lib in open troughs. Keep the loose mix away from water.

Avoid contact with skin and eyes.

Storage Instructions:

Store out of direct sunlight and under cover. This product must remain dry at all times prior to consumption. Store below 30°C (room temperature).
