

MINAREA

Plus 3% Urea

19kg

A balanced low urea supplement containing macro & micro minerals for optimising microbial functions whilst correcting deficiencies

TYPICAL ANALYSIS

Bypass Protein Meal	6%
Urea	3%
Total Protein Equivalents	10%
Molasses	7%
Salt (NaCl)	61%

MACRO INGREDIENTS

Calcium (Ca)	4.2%
Phosphorus (P)	4.2%
Sulphur (S)	0.17%
Magnesium (Mg)	0.02%

MICRO INGREDIENTS

Copper (Cu)	500mg/kg
Cobalt (Co)	43mg/kg
Ferrous Iron (Fe++)	1365mg/kg
Iron (Fe)	1859mg/kg
Iodine (I)	500mg/kg
Zinc (Zn)	287mg/kg
Manganese (Mn)	62mg/kg

FOR ANIMAL TREATMENT ONLY.

**THIS PRODUCT DOES NOT CONTAIN
RESTRICTED ANIMAL MATERIAL.**

Olsson's Minarea is a multi-mineral supplement designed to balance any mineral deficiencies in the rumen, which will affect bacterial function thus reducing feed conversion. Balancing these essential elements is the efficient breakdown of feed consumed by the animal.

The trace elements required for effective rumen function are copper, cobalt, iron, zinc, manganese, iodine, and selenium, and are all readily available in Minarea. If you believe there is a selenium deficiency please contact Olsson Industries for advice.

DIRECTIONS FOR USE

Feeding Instructions:

Use in accordance with the Olsson Indicator system.

Sheep/Goats: 5-10g per head per day

Cattle: 50-100g per head per day

Intake is recommendation only. Higher intakes are normally the result of mineral deficiencies.

Remove outer carton and place near water troughs, dams and stock camps. Place out sufficient blocks to avoid overcrowding of stock. Replace immediately when consumed.

Avoid contact with skin and eyes.

Warning: Products containing urea can be toxic to livestock. Please ensure proper farm management practices are employed.

Storage Instructions:

Store out of direct sunlight and under cover. Edible carton and packaging.
