Iodine (I)	380mg/kg
Manganese (Mn)	155mg/kg
Zinc (Zn)	1064mg/kg

FOR ANIMAL TREATMENT ONLY.

**THIS PRODUCT DOES NOT CONTAIN
RESTRICTED ANIMAL MATERIAL.**

Olsson's Molasses Fortifier Mix is a protein and mineral fortifier designed to be mixed with molasses to produce a balanced ration for cattle on pasture. Suitable for weaners, breeders, and general growth stages of the production cycle (production and maintenance feeding). When mixed with molasses this product produces a superior balanced ration containing protein, essential macro minerals and trace elements.

Olsson's Molasses Fortifier Mix is available with both Rumensin if required.

DIRECTIONS FOR USE

Feeding Instructions:

Mix 1 bag of Olsson's Molasses Fortifier Mix with 400 litres of molasses. Ensure thorough mixing of the two components.

Intake for production feeding: 1% to 1.5% of the animal's weight.

Intake for maintenance feeding: 0.5% of the animal's weight.

Intake is recommendation only. Higher intakes are normally the result of mineral deficiencies.

Ensure troughs are empty before they are refilled.

Avoid contact with skin and eyes.

Warning: Products containing urea can be toxic to livestock. Please ensure proper farm management practices are employed.

Storage Instructions:

Store out of direct sunlight and under cover.
